

FEATURES:

- USB 3.1c Male – VGA Adaptor
- Power Delivery Function
- Supports USB Type C Input and VGA Output
- Supports Content Protection of HDCP
- 15cm Lead

DESCRIPTION:

The current trend of making laptops thinner now means that many of the connectivity options you are used to seeing have been replaced by a single USB Type C socket. Simply attached this unit to the USB Type C connector on the laptop and you will gain a VGA socket and a USB Type C connector. Please note: The WPD port supports PD2.0, if your device or charger uses a different protocol the charging current will drop to 500mAH or less.

SPECIFICATIONS:

USB Type C female ports supplies power up to 60w (20v/3a)

Supports per lane data rates of 5.4Gbps (HBR2), 2.7Gbps (HBR) and 1.62Gbps (RBR)

Supports VGA resolution up to 1920x1200@60Hz / 2048x1152@60Hz
