

### FEATURES:

- USB 3.1c Male – DVI and USB Adaptor
- Power Delivery Function
- Supports USB Type C Input and USB 3.0 & DVI-D Output
- Supports BC1.2, Power for USB A port can be up to 7.5w (5v/1.5a)
- 15cm Lead

### DESCRIPTION:

The current trend of making laptops thinner now means that many of the connectivity options you are used to seeing have been replaced by a single USB Type C socket. Simply attached this unit to the USB Type C connector on the laptop and you will gain a USB 3.0 Type A female socket, an DVI socket and a USB Type C connector. Please note: The WPD port supports PD2.0, if your device or charger uses a different protocol the charging current will drop to 500mAH or less.

### SPECIFICATIONS:

USB Type C female port supplies power up to 60w (20v/3a)

Supports DVI 225Mhz/2.25Gbps per channel (6.75Gbps all channel) bandwidth

Supports DVI resolution up to 1080p@60Hz
