

### FEATURES:

- USB 3.1c Male – 3 x USB 3.0 and RJ45 Adaptor
- Supports USB Type C Input and USB 3.0 and RJ45 Output
- Easy to Carry and Use
- 15cm Lead

### DESCRIPTION:

The current trend of making laptops thinner now means that many of the connectivity options you are used to seeing have been replaced by a single USB Type C socket. Simply attached this unit to the USB Type C connector on the laptop and you will gain three USB 3.0 Type A female sockets and a Gigabit RJ45 (10/100/1000) socket.

### SPECIFICATIONS:

The total output of the 3 USB ports is 900mA  
Supports USB 3.0 Super Speed  
Multiple USB Type C interfaces support Plug and Play, Hot Swap  
Supports 10/100/1000Mbps bandwidth
