

FEATURES:

- USB 3.1c Male – HDMI 1.4b Female Adaptor
- Black PVC Cable
- Fully Moulded
- 4Kx2K@60Hz

DESCRIPTION:

The current trend of making laptops thinner now means that many of the connectivity options you are used to seeing have been replaced by a single USB Type C socket. Simply attach this unit to the USB Type C connector on the laptop and you will gain an HDMI socket. You will then just need to connect to a display screen using the appropriate cable.

SPECIFICATIONS:

Connector – USB 3.1c Male – Gold Plated shell and Pin and Black Insulation

Connector - HDMI Female – Gold Plated shell and Pin and Black Insulation

Jacket – Black PVC, OD: 3.8±0.2mm
