

FEATURES:

- USB Type A Male – USB A Female
- Individually Bagged
- Black PVC Cable
- Fully Moulded
- Available in 5 Different Lengths
- USB 2.0 & USB 1.1 compatible

DESCRIPTION:

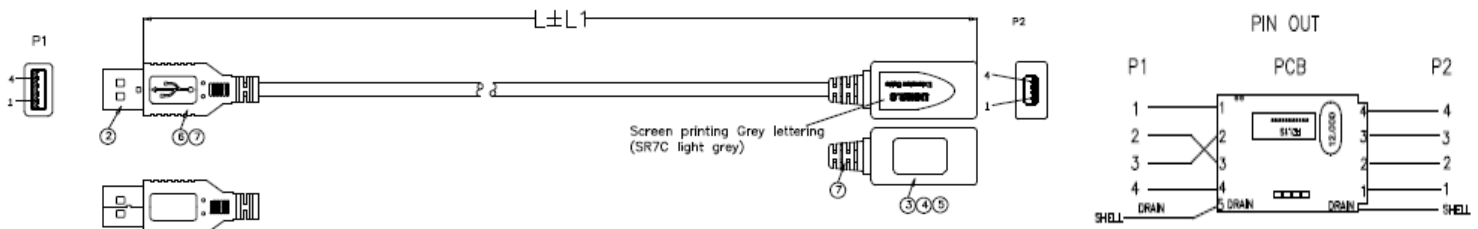

The USB 2.0 Active Repeater Cable uses active electronics (built-in to the cable) to extend the cable length of a USB 2.0 connected device. With its Standard Type 'A' male and Standard Type 'A' female connector it allows equipment such as webcams, storage devices and other Type A devices to be connected at greater distances to the computer, allowing the user to position devices without the constraints of a short cable. This extension cable can be installed quickly and with minimum fuss and is perfect for both business and domestic uses.

SPECIFICATIONS:

Connector – Nickel Plated with White Glue Pin

Jacket – Black PVC, OD: 4.8mm
