

FEATURES:

- USB Type A Male – USB A Female
- Signal transmission stability
- Black PVC Cable
- Hot Plug Compliant
- USB 3.0 Compliant

DESCRIPTION:

The USB 3.0 Active Extension Cable uses active electronics (built-in to the cable) to extend the cable length of a USB3.0 connected device. With its Standard Type 'A' male and Standard Type 'A' female connector it allows equipment such as webcams, storage devices and other Type A devices to be connected at greater distances to the computer, allowing the user to position devices without the constraints of a short cable. This extension cable can be installed quickly and with minimum fuss and is perfect for both business and domestic uses.

SPECIFICATIONS:

Supports the following data rates.

Super Speed (5 Gbps), High Speed (480Mbps), Full Speed (12 Mbps) and Low Speed (1.5Mbps)
