DESCRIPTION

The USB 3.2 Type C to USB 3.2 Type C Male Cable allows the user to easily connect to a newer device using the USB Type C to a computer which now features the USB Type C port. Thus, benefiting from the greater data rates supported by the new USB 3.2 Standard.
The cable is USB 3.2 generation 2*2 (20Gbps) with 100w PD.
The Type C connector is not keyed and can be plugged into a device either way round.
As USB is Plug and Play, this cable can be installed with minimum difficulty making it ideal for both professional and first-time users.
Available in 1m length.
