DESCRIPTION:

The Cablenet USB 3.1 Type C to Type C white Cable allows the user to easily connect a newer device using the USB Type C to a computer which now features the USB Type C port. Thus benefitting from the greater data rates supported by the new USB 3.1 standard. The Type C connector is not 'keyed' and can be plugged in either way round. As USB is 'Plug and Play', this cable can be installed with minimum difficulty, ideal for both professional and first-time users.
