

FEATURES

- Cat6 UTP Patch Panel
- Loaded Patch Panel
- 48 Port
- 2u Chassis
- Integrated Cable Management Bar
- Compatible with both Krone Style & 110 Punch Down Tools

DESCRIPTION

The Cat6 UTP 2u 48 Port Patch Panel uses a dual termination punch down block suitable for LSA or 110 tooling.

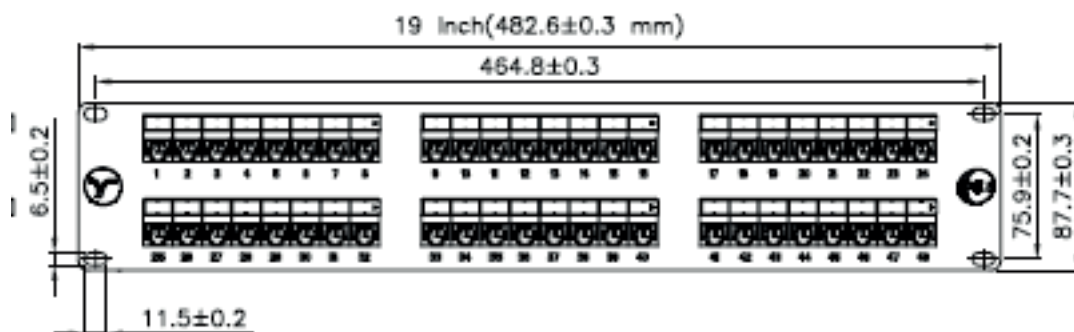

568B punch down blocks on the rear of the panel at 180 degrees to the front.

An integrated cable management bar and cable management rings at the rear of the patch panel allows routing of the cables to aid airflow.

Ports are labelled in banks of 8 and features a slide in label and plastic cover.

Coloured markings on punch down blocks and rear labels for correct cable termination.
