

FEATURES

- Cat6 Toolless Module
- Keystone
- No Termination Tool Required
- Snap-Fit to Terminate
- Offers High Performance Transmission
- Available in Black

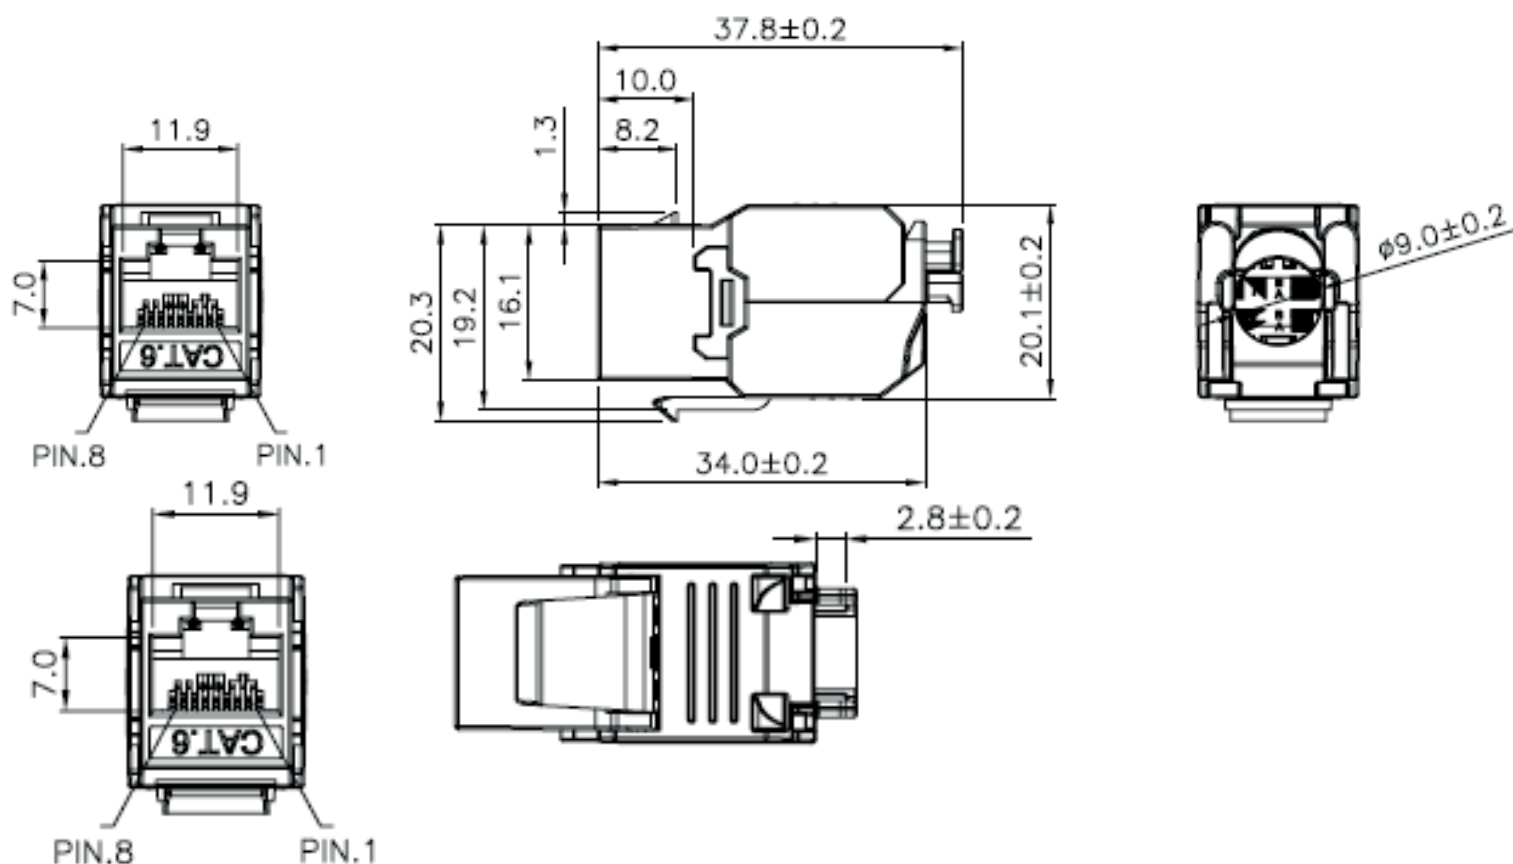

DESCRIPTION

The Cat6 Toolless Keystone Module ensures a quick and easy to terminate installation. The Snap-Fit to terminate design means that a punchdown tool is not required.

It has been designed to be installed into most UK and European keystone applications, including standard or angled faceplate products, patch panels or surface boxes.

The module offers a high-performance transmission that meets or exceeds Cat6 standards.
