

EtherCon Cat5e Patch Cord

FEATURES:

- Category 5e compliant
- Individually Bagged
- Extra Flexible Cat5e TASKER cable
- PVC Jacket
- Fitted with NE8MX1 connectors each end
- Stranded Conductors
- 600mm

DESCRIPTION:

These Category 5e compliant screened patch cords are made using our high-end Cat5e extra-flexible TASKER cable. They are fitted with Neutrik EtherCon connectors at each end and are made in our workshop. The extra-flexible PVC jacket and stranded conductors offer a flexibility normally only found in microphone cables. These are available in 6 different lengths. Other lengths can be made to order, please contact our sales team for more information.

SPECIFICATIONS:

Connectors – NE8MX1
 Jacket – Extra-Flexible PVC Jacket
