

- IP67 Fibre Adapter
- Meets IP67 Environmental Seal Ratings
- Cost Effective
- Easy To Use
- Protects Against Exposure to the Elements and/or Accidental Damage

## Product Features

- Cost Effective
- Easy to use and install onsite
- Products against the elements & accidental damage

## Product Description

The adapter meets IP67 environmental sealing ratings and is the ideal choice for a low cost and easy to use solution in industrial, FTTA or any other harsh environmental applications.

The dust cap is the ideal way to protect ruggedised patch cords from exposure to the elements or accidental damage when not mated to an outlet in your ruggedised cabling system.
